**“Life would be nothing without small pleasures.
A few of the nicest are shown here.”**

Audi miniatures.

A passionate interest in Audi miniatures involves much more than just collecting: each model is true-to-scale and documents current as well as historical vehicles in the Audi range.

Audi miniatures are produced using original surface data: such exact specifications lead to unmistakable and unique pieces. You'll be spoilt for choice with this comprehensive range of models including many new additions, covering several decades of an automotive success story.

Auto Union Type C

Handcrafted in a strictly limited edition, this racing legend that burst onto the scene in 1936 with ten famous victories in both lap and hillclimb races now returns to life. Uncompromising workmanship, high-quality materials and unparalleled attention to detail are what make this design model so very special. At a scale of 1:2, it truly brings automotive history to life.

Auto Union Type C

More than 900 individual components were prepared and assembled exclusively for this exceptional collector's car with chain drive. This eye-catching design model is built on a stable aluminium tubular space frame. And the aluminium panel body mounted on it is produced exclusively at Audi Toolmaking. This 1:2 scale Auto Union Type C is produced in a strictly limited edition of 999 models and developers have built in a real treat for junior racers (up to 135 cm tall): a seven-speed gearbox with back-pedal, a hand-brake lever with locking function and hydraulic dual-disc brakes.

Other special features of this unusually elaborate pedal car include the removable oak dashboard and a steering wheel with a quick-lock system that makes getting in and out easier.
